

From Control to Elimination of HPV Induced Cancers
December 2-5, 2018 Lisbon

Sunday, December 2

	AUDITORIUM I	AUDITORIUM II	AUDITORIUM III + IV	ROOM 5B	ROOM 5C	ROOM 1.08
8:30 10:00	MTC1 • HPV induced cancers: rapid changes in epidemiology, carcinogenesis and natural history	FC (Free Communications)	Workshop: HPV immunization	Head & Neck (HN) Forum • submitted papers	Workshop Lusófono HPV na Mulher e no Homem: Desde a Biologia, à História e à Medicina Legal	FC (Free Communications)
COFFEE BREAK						
10:30 12:00	MTC2 • Cervical cancers control: Update on current practice	FC (Free Communications)	Workshop: HPV immunization	HN Forum • Epidemiology of oral HPV infection	HPV na Mulher e no Homem: Desde a Biologia, à História e à Medicina Legal	FC (Free Communications)
12:15 13:30						
ROOM 1.08						
13:30 15:00	MTC3 Non-cervical HPV-related cancers: the key issues	Workshop • Screening for women difficult to reach	WACC1 Community group initiatives	HN Forum • Recurrent metastatic HPV related cancer	Workshop Lusófono	Workshop Vulvar diseases course: Vulvodinia
COFFEE BREAK						
15:30 17:00	MTC4 HPV research priorities: new and future directions	Workshop • Screening for women difficult to reach	WACC2 Communication on sexually transmitted HPV	HN Forum • Recurrent respiratory papillomatosis	Workshop Lusófono	Workshop Vulvar diseases course: What is your diagnosis?
17:00 18:30				FC (Free Communications)		
19:00 20:30	Opening Ceremony					

Monday, December 3

	AUDITORIUM I	AUDITORIUM II	AUDITORIUM III + IV	ROOM 5B	ROOM 5C
8:15 9:45	MSS1 • HPV vaccine efficacy and perspective	SS • Changing minds about HPV latency	CS • Challenging clinical topics	HN Forum • Submitted papers	Workshop Lusófono
9:45 11:15	MSS2 • Eliminating HPV-related diseases: lessons learned from other infectious diseases	SS • The new face of cytology in the HPV screening and immunization era	CS • High grade VIN versus differentiated VIN: clinical, molecular, virological and therapeutic differences	HN Forum • HPV and non-orpharynx cancers	Workshop Lusófono
COFFEE BREAK					
11:45 13:00					
13:00 14:15					
14:15 15:45	MSS3 • Triage markers for HPV-positive women: long term performance	SS • Two vs one dose vaccine schedules: assessing the evidence	FC	HN Forum • Risk communication and screening for oral HPV	FC
COFFEE BREAK					
16:15 17:45	MSS4 • From cytology to HPV based screening		SS • HPV 6-11: Low risk HPV infection and disease Anogenital versus Ora	HN Forum • New perspectives on the clinical care of oropharyngeal cancer	FC
17:45 18:15					
18:15 19:15				HN Forum • Submitted papers	

Tuesday, December 4

	AUDITORIUM I	AUDITORIUM II	AUDITORIUM III + IV	ROOM 5B	ROOM 5C
8:15 9:45	MSS5 • PRO and CON hot topics	SS Cervical cancer in Central and Eastern Europe and Central Asia	CS • Revisiting the objectives: risk markers for cervical cancers (excluding HPV triage)	FC	FC
9:45 10:15	COFFEE BREAK				
10:15 11:45	MSS6 • Validation of HPV assays usable in primary screening	FC vaccines	CS • Oncological safety and reproductive morbidity after treatment for CIN	CS • HIV coinfection and anal infection/disease	SS • CoheaHr: Comparing Health Services interventions for the prevention of HPV-related cancer in European countries
12:00 13:15	COFFEE BREAK				
13:30 15:00	MSS7 • Molecular signatures of precancerous lesions: Changing paradigm of early detection	SS • Use of new technologies in HPV vaccine behavioural science research	CS • The value of HPV genotypes: not all high risk HPV genotypes are at equal risk	CS • Which populations should be assessed for anal cancer and/or precancer screening?	Workshop Francophone Etats Generaux sur l'infection HPV et pathologies associées
15:30 17:00	MSS8 • HPV self-sampling in an organized cervical cancer screening program	SS • Microbiome analysis: are we ready for clinical use?	FC	FC	Workshop Francophone
17:00 18:30	MSS9 • Screening in HPV Vaccinated cohorts: do we know how?	FC		FC	Workshop Francophone

Wednesday, December 5

	AUDITORIUM II	AUDITORIUM III + IV	ROOM 5B	ROOM 5C	TBD
8:15 9:45	Main Scientific Session	SS • Screening strategies for developing countries: what works and what doesn't work	Clinical session	SS • HPV Faster	Colposcopy course (full pass required)
9:45 11:15	Scientific Session	Scientific Session	Clinical session	FC	
11:15 12:45	Scientific Session	Scientific Session	FC	FC	
12:45 14:15	Scientific Session	FC	FC	FC	

- MTC** Main Training Course
- MSS** Main Scientific Session
- SS** Scientific Session
- CS** Clinical Session
- FC** Free Communications
- HN** HPV and Head & Neck Forum
- Regional Workshops
- Specialized Workshops
(included with congress registration)
- WACC** Women Against Cervical Cancer
